

AGRICULTURE AND ENVIRONMENT COMPETITIONS FOR 2024

Tea Towel Competition.

This year, for 2024 we have an amazing tea towel and we know you can do amazing things with it. What we are looking for from that competition.

One Pumpking tea towel. This is not to be cut at all. At the end of the competition you should be able to unpick, if you so wish, the extra additions and have your original beautiful tea towel.

We are asking for an apron, made from the tea towel. You are not to cut the towel at all but add to its beauty by using your imagination. We picture an apron with bib front. You may add any amount of extra fabric, trimmings, items from your stash of suitable things. The only thing we stress is that it is practical and can be used for the purpose for which any apron is made.

It is a challenge for you to use your imagination. We look forward to seeing the results.

Recycled Competition.

As many op shops and family homes seem to have a surplus of denim, this competition for 2024 will be to make a knee rug or floor mat. Size is to be no larger than 2.5 x 1.5 metres. The top must be predominately denim with the back of your choosing. Let us see what you can do. Method of making is your choice.

We hope everyone is ready for the new competitions. Remember, these articles come to the Region Conferences to be judged by popular vote. The first, second and third placegetters then come to Conference for judging.

Jean Rosendahl Chairman of the Agriculture and Environment Committee
