

QUEENSLAND COUNTRYWOMEN'S ASSOCIATION

2022 CHILDREN'S COMPETITIONS STUDY OF AUSTRALIA

Each year the QCWA studies a different Country of the World and in 2022, QCWA's Centenary year, Branches will be looking at all aspects of life and living in our own country-Australia! We will be studying and exploring Australian History and Religion, People and Fashion, Language, Geography and Industry, Flora and Fauna, Foods and Cooking, Crafts and Traditions – and many other aspects of multicultural Australia!

The QCWA also holds a Children's International Competition annually, in which all Queensland Primary School and Special Education students are eligible to participate. Many QCWA Branches will be visiting their local Schools and inviting them to join us in "Celebrating Australia" in 2022. QCWA also receives valuable sponsorship from the CBA towards prizes for the State Winners of this competition.

In the School Resource Kit you will find a Competition Schedule, with age appropriate sections for Prep classes to Year 6 level. For more information, please contact the local QCWA Branch International Officer, or Branch President:
